Brief Career History

MAIN PROJECTS (roles, clients and activity description) performed as self-employed since 1998 and chosen from a total of about 50 clients.

Thresher Group – Steria – Welwyn Garden City (Retail – FMCG). Role: Senior SCM/ERP consultant. Impact analysis on SAP + Red Prairie Project.

Tonutti S.p.A (Corp) (Printing). Role: Senior SCM/logistics consultant. Blueprint for new warehouse and production plant, with policy implications in production control, warehousing, ABC costing and ERP interfaces. Complex impact on layout and corporate procedures.

BSS Group in Leicester (Retail – FMCG). Role: Senior Business Analyst/ERP consultant with BSS Group in Leicester. Analysed ERP-related risks. Developed configuration matrix. Client had various business segments with complex product hierarchies and pricing implications affecting supply chain and product/pricing modules. Analysed GAP & Fit Documentation and UAT/Delivery issues.

Industrial Service Products S.p.A. (Corp) (Retail-Distribution).

Role: Senior SCM-Logistics Analyst/Programme manager

Analysed business requirements for multi-site distribution logistics. Analysed in depth software upgrade requirements (Agile methodology on client's platform, SSADM on logistic provider's platform). Client's IT department focussed on releasing Agile-driven prototypes while the logistic provider was relying more on a top-down approach. Coordinated cutover and infrastructure decommissioning. Created a detailed plan for technical relocation and merging of 2 logistics types (consumable supplies and stationery) in one central location. Analysed in depth software upgrade requirements. Coordinated cutover and infrastructure decommissioning. Initiated new feasibility assessment study for a new plant. Analysed following perspectives: business risks, potential disruptions, contingency plans, rollout validation procedures and fall back plans.

Foxilfree S.r.l. (Ltd) (Bio-energy).

Role: senior analyst and business advisor.

Italian importer of bio-energy plants from Scandinavia. Analysed business requirements for multi-site distribution logistics.

Tecnodelta S.r.l. (Ltd) (Chemical-adhesive).

Role: Senior Analyst.

Analysed requirements for a new artificial coating plant (ME location) and developed blueprint. Selected proper supporting technology. Established time implementation frame

Tecnocoating S.p.A. (Corp) (Chemical-adhesive).

Role: Senior Analyst/Programme Manager.

Artificial leather manufacturing company. Analysed corporate information flow. Analysed in depth software upgrade requirements. Selected ERP system. Assisted the client all through the implementation process. Restructuring analysis of

production division and product configuration processes. Chosen and implemented production planning system (CRP) to be interfaced with ERP.

B.e.L. S.r.l. (Ltd) (Printing)

Role: Senior SCM-Logistics/ERP Analyst/Project Manager.

Italian label printing company, operating in Italy and Europe. Similar to Tecnoating S.p.A. with same achievements, but with no CRP. Very complex SAP R/3 analysis deliverable. Analysed requirements for a new label printing factory. Developed blueprint. Selected proper supporting technology.

Karl Pichler AG (Wood-Retail).

Role: Senior Analyst.

Austrian-Italian wood retailer, operating in Northern Italy and Austria (Algund, Bozen, Brixen and Innsbruck). Analysed corporate information flow. Delivered optimisation path.

Probest S.p.A. (Corp) (Training EU centre).

Role: Model validation analyst. International Management Training Service Company, based in Milan, Italy. Assignments at council level in UK (ESSEX) and EIRE.

Line1 Gmbh (Utilities – Power).

Role: Senior ERP Analyst.

Italian German-speaking power plants building company, operating in Northern Italy, Austria and Germany. Analysed corporate information flow. Analysed in depth software upgrade requirements. Coordinated cutover and infrastructure decommissioning. Initiated new feasibility assessment study for a new plant. Analysed following perspectives: business risks, potential disruptions, contingency plans, rollout validation procedures and fall back plans. Selected ERP system. Assisted the client in the initial stage of implementation.

Zimmerhofer Gmbh (Building).

Role: Senior ERP Analyst.

Italian German-speaking building company, operating in Northern Italy and Austria. Very similar to Line1 Gmbh, with same achievements.

Schweitzer AG (Furnishing).

Role: Senior analyst and training advisor.

Italian-Swiss leading furnishing company. Analysed corporate information flow. Developed training procedures for system users. Trained corporate project managers in performing product configuration activities in various company locations Zurich, Frankfurt, Naturns. Developed specs for corporate intranet. Cooperation with CIM-Betriebsberatung, Hannover.

Tonutti S.p.A (Corp) (Printing).

Role: Senior SCM/logistics Analyst. Italian Label Printing Company.

Analysed information flow. Developed new procedures of article & code creation and management of customer-oriented variants. Developed new plant layout.

EMPLOYEE ROLES

Boma S.r.l. (Ltd) May96 - Dec97 (Chemical-adhesive)

Role: Director of Logistics/ADP. Chemical-adhesive manufacturer.

Director of IT/Logistics for a Chemical Plant, manufacturing bi-adhesive tapes.

NATO Oct88 - May96 (Military – Telecom)

Role: Chief of Logistics for NATO Integrated Communication Systems (N.I.C.S.).

ARMY Oct80 - Sep88

Signals Support Unit Commander. Unit commander in supply branches of telecommunication units.
